

# First Responder Safety Training: *Electric & Hybrid Vehicles*

Friday, April 27, 2012

1:00 pm - 5:00 pm

Ohio Fire Academy

8895 East Main St

Reynoldsburg, OH 43068

## Free Half-Day Workshop:

Join Clean Fuels Ohio & the Division of State Fire Marshals for a free, half-day workshop designed to educate first responders on safety issues related to Electric and Hybrid Electric Vehicles.

Learn from an expert fire safety instructor, inspect various electric and hybrid electric vehicles, and learn safety techniques for these alternative fuel vehicles that are already appearing on Ohio's roads.

## Agenda: Electric & Hybrid Electric Vehicle Safety Training (1pm to 5pm)

The course will include: 1.5 hour course presentation, 1.5 hour vehicle review, and 1 hour table-top exercises.

All required materials will be provided to participants at the outset of class. Materials will include comprehensive PowerPoint presentation, National Highway Traffic Safety Administration (NHTSA) Electric Vehicle Guidelines and a list of useful web resources.

Vehicles provided for class discussion and vehicle inspections will include a Nissan Leaf, Chevrolet Volt, and a Lexus Hybrid.

Course will be taught by expert instructor, Carl Hein, START (Specialized Training in Advanced Rescue Techniques)

## About Clean Fuels Ohio:

Clean Fuels Ohio strives to improve air quality and health, reduce environmental pollution, and strengthen Ohio's economy by increasing the use of clean, domestic fuels and energy-saving vehicles.
