

# BIOTECHNOLOGY PROGRAM

*FIELDTRIPS & POSTER EXHIBITION, FALL 2019*

November 6, 2019

## *Takeda Pharmaceuticals*

On November 6<sup>th</sup>, the Biotechnology students toured one of our partners' manufacturing facilities. The students had an opportunity to ask Takeda employees a variety of questions. Students were able to put their knowledge to the test as they were guided through the different processes involved in developing Takeda's final products before it's shipped out to be bottled.

November 12, 2019

## *GRIFOLS Pharmaceuticals*

Our Biotech and Crescenta Valley High schools' students toured GRIFOLS pharmaceuticals on November 12<sup>th</sup>. During the tour, our students experienced firsthand what it is to work in a sterile manufacturing floor. The students visited the the microbiology and chemistry labs as well where they were able to ask their questions about the quality control and related jobs. Mr. Willie Zuniga, the president of *GRIFOLS* gave a talk to the students and some insight of what the expectations are from future employees.
